

*Impuls Oil*

The logo for 'Impuls Oil' is set against a solid orange background. The text 'Impuls Oil' is written in a black, elegant, cursive script. The word 'Impuls' is positioned to the left of 'Oil'. A black graphic element is integrated into the design: a horizontal line with a sharp, jagged peak resembling a heartbeat or an electrical pulse is positioned above the 'Impuls' text. This line transitions into a curved shape that forms the handle and nozzle of a fuel pump. The nozzle is angled downwards and to the right, with a single drop of oil falling from its tip. The overall composition is clean and modern, combining the concepts of energy, fuel, and vitality.
