

REAL DEAL

The name speaks for itself. This desktop template is just right for a real deal-oriented construction company. The decoration in calm cream-colored tinges goes perfectly with the photo of a wooden house on the main page and is very pleasant on the eye. Once you've opened such a site you will want to stay and explore it.

ELASTIC

The desktop template "Elastic" is designed for Adobe Muse program. The simple structure and unobtrusive tones make this theme suitable for practically any purpose, be it an information website or a personal blog, an online store or a promo site.

OCCASION

Specialists have developed the desktop template "Occasion" to assist you in keeping and sharing the vivid memories of an important event. The coloring is ideally suited to a romantic occasion, such as a wedding. The theme would also be great for the site of a wedding planner or a photographer.

PROFILE

Paste your slogan on the main page and get an efficient promotion of your business with the "Profile" desktop template. The strict black and white design with bright inserts is well-suited to a creative crew, providing services in advertising or educational training.

STRICT FANTASY

This simple in design but professionally carried-out theme could be well-suited to a Real Estate Agency or a Construction Company site, as well as to one of an entertainment centre, for example. Add the necessary information and get more customers using the "Strict Fantasy" desktop template.

STRIPS

Make sure your personal blog or portfolio is viewed by a lot of people with the colorful "Strips" desktop template. The bright and vivid tinges are especially appealing to youth and links to social networks will keep your site up with the online community.

VERY TALENT

Done in bright rich hues this Adobe Muse desktop template is perfect for a creative person who wants to stand out from the crowd. Saturated pink inserts combined with black background make a remarkable website design and your creativity will not have gone unnoticed. Best match for a music or a photography site.

VIOLACEOUS

The "Violaceous" desktop template comes with all of 5 pages for your website. It would be great for a website of an electronics shop or related news. You can easily add your location, links to social networks and all the necessary information in Adobe Muse and start developing your business.

PROFILE (mobile)

Mobile phone version of the "Profile" template. The simple light-colored design is preserved, and at the same time you will be sure that your web site appears properly on a mobile phone and your customers are able to make an order or get the necessary information even on a four-inch screen.

PROFILE (tablet)

If you can't let your business be one step behind the times the tablet template "Profile" is a must-have for you. The bright caption on the white background draws the attention and makes the site visitor want to explore it, especially as the version is so convenient for tablet PC users.

PROFILE (Layout Pack)

If your web site is targeted on different kinds of people, it would be much more profitable for you to get a full pack of the "Profile" templates. Your clients will be able to use a fully functioning web site no matter what device is preferable for them. The versions are all of the same style, so your site is easily recognized.
